## ECOMMERCE SOLUTION

Make your ecommerce website the most effective selling tool. We transform complex selling ideas into simple and attractive ecommerce models to deliver a fun shopping experience to your customers. We are a premier ecommerce web development company, offering customized solutions for different popular platforms like .net, PHP, HTML, Magento etc. From ecommerce web designing to customization, support & maintenance, we help you leverage this powerful selling tool to your best.

## MOBILE APPS DEVELOPMENT

At AJA Softech, we build robust and engaging mobile apps that empower you to achieve your business objectives. Our mobile app development team renders highly intuitive and scalable applications for iOS, Android, Windows and Blackberry, with elegant UI, stunning features and efficient code. We also specialize in developing cross-platform mobile apps that are high-performance and custom designed to meet your needs.

## WEB DESIGN & DEVELOPMENT

Does your website attract visitors as you expected? Does it sell? Give your website an amazing conversion potential with our customized web design and development services. We create beautiful, responsive websites that render superior user experience on all devices. Our web development expertise offer compatibility, convenience, usefulness and navigability to leave a strong impression.

## HOSTING, DOMAIN REGISTRATION

AJA Softech offers the best web hosting and domain registration services in India, ensuring high performance and reliability. Our web hosting solutions are supported on Linux and Windows platforms. We provide domain registration, web hosting and email hosting services with standard protocols like SMTP, POP3, IMAP etc. We guarantee fast, reliable, secure and spam-free web hosting services.

## SEO

Our commitment is to deliver ethical SEO services that are focused on first page rankings, traffic growth and enhanced sales. From on page & off page optimization to content marketing, Social Media Optimization, analytics & analysis, link building, and monitoring & reporting, we do it all. We assure increased organic traffic to your website and better conversions, improving your ROI.

AJA Softtech, where business acumen meets unparalleled technology expertise to improve your overall digital presence and performance. We offer end-to-end website design, development and cutting-edge digital marketing solutions that are customized to meet our client needs. From conceptualization to design to mobile development and internet marketing, we deliver the best solutions to exceed your expectations.
